

# GAINS REPLACE EARLIER LOSSES

Market Reverses Itself  
Under Short Covering  
of Afternoon

NEW YORK, Sept. 29.—Short pressure and liquidation of speculative accounts, arising from unfavorable Near Eastern news and the abandonment of the Republic-Midvale-Inland steel merger depressed a number of issues to new levels for the movement in today's early dealings on the stock exchange. The market reversed itself in the afternoon on urgent short covering, gains outnumbering losses at the close. Sales approximated 1,250,000 shares.

Stock prices suffered a severe setback at the opening, early declines in the active issues ranging from 1 to 3 points. The break in sterling resulting from disquieting dispatches from the Near East and the abandonment of the Republic-Midvale-Inland steel merger, furnished professional shorts with sufficient ammunition to attack the whole list. They were aided by further liquidation of weakened speculative accounts. Republic Iron and Steel fell off more than a point at the opening, and soon dropped to nearly 3, while Midvale yielded 2 points. Other steel issues were in sympathy, anadium and Crucible dropping 1 1/2, Bethlehem "B" one and U. S. Steel common 1 1/2. Baltimore & Ohio yielded a point and was followed by lower ground by Central and Atchafalaya. Mexican Petroleum followed, dropping nearly 3 points, but the other oil issues offered more stubborn resistance to selling pressure. The reaction in copper shares was led by Utah, which was off a point.

Sufficient buying power developed to check the decline during the first hour and many stocks rallied a point or more, the recovery being assisted by a brisk bidding up of the Standard Oil shares, California rising 2 1/2 and New Jersey three. Business was quieter on the upturn and the selling pressure of the bulls to follow prices upward resulted in another attempt by the bears to raid the list. Liquidation of the high priced tobacco stocks and a dip to a new low by the movement in U. S. Steel common, Republic, Midvale, Mexican Petroleum and Baldwin unsettled the list again before noon. Losses of three to six points had then been sustained by Republic, common and preferred, Mexican Petroleum, Midvale, Liggett & Meyers "B" and Lorillard Tobacco. Call money opened at 4 1/2 per cent.

Execution of large buying orders in the equipment group, which carried them from one to two points between Thursday's final prices, intimidated the short faction and an active covering movement followed, which climaxed the greater portion of the forenoon decline. National Biscuit was buoyant, rising 3 1/2 points, while Loew's, Wiles gained 3 1/2, Pittsburgh Coal, Gulf States Steel, Coca-Cola, United Retail Stores and Adams Express registered advances of between one and two points. Marking up of the call money rate to 5 per cent caused a halt in the upward movement later and the decline was resumed.

The selling ran its course in the early afternoon. When shorts began to cover they evidently found a rather limited supply of stocks with the result that several issues were bid up in spirited fashion. Most of the early losses were wiped out and a number of shares, particularly equipments, closed substantially above Thursday's final figures. The close was firm.
